

Professional, Hands-On Lawn Care

myGreenImpressions.com

What Makes Our Approach Unique

Customization is a crucial part of what makes commercial lawn care successful. That's why Green Impressions leverages a multi-step approach to get the answers that deliver results.

The initial meeting is not only our first chance to connect with you in-person, but we'll also use the data we gather to develop a comprehensive service plan that fits your needs and budget.

Our next step is to draft the proposal for services, which involves an initial site assessment (ISA) where accurate and detailed measurements of the entire property are made.

What follows is a detailed proposal presentation for you and your team, during which you are welcome to ask questions as well as share any feedback about the service plan.

We'll schedule regular meetings with you to ensure that current site conditions align with expectations in the proposal, adding any new services as needed.

Snow & Ice Removal Services

The winter months can be particularly harsh on Northeast Ohio properties. When snowy and icy conditions hit, you can rely on our team of professionals to keep your entire grounds clear and safe, from walkways to parking lots.

We make sure our customers have access to detailed storm records and information on where equipment and materials will be used. With GPS tracking of our trucks, we are able to enforce strict arrival and departure times that ensure your commercial property is ready for business. Our time data records help hold us accountable to these standards.

The Businesses We Serve

RETAIL, HOTELS & RESTAURANTS

Property managers rely on our irrigation, fertilization and snow/ice management expertise to ensure the vibrancy and safety of the customer experience.

APARTMENTS & CONDOMINIUMS

With our commercial landscape services and lifestyle enhancements, homeowner associations are able to protect their investment in neighborhoods.

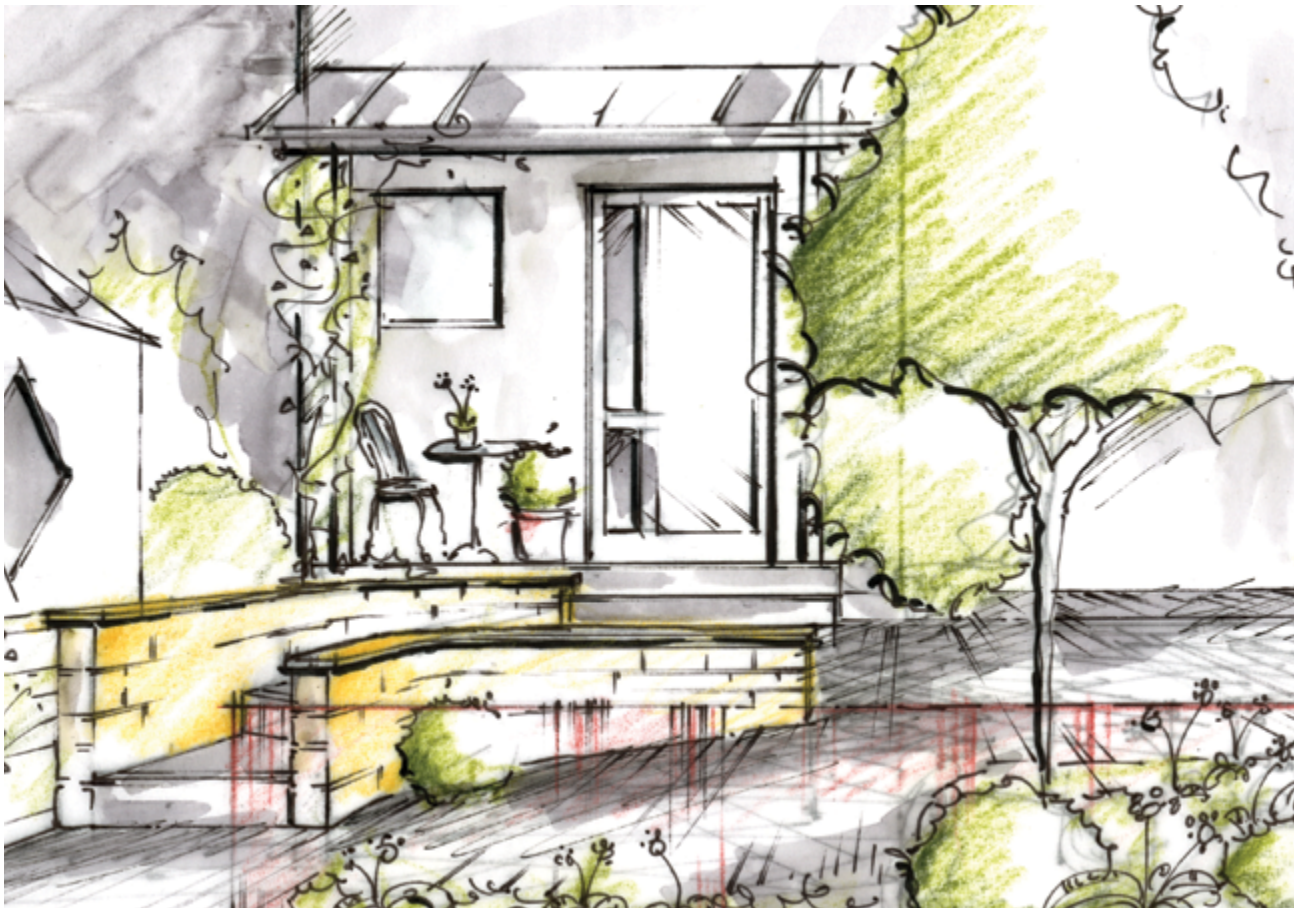

INDUSTRIAL & COMMERCIAL PROPERTIES

Facility managers depend on our lawn care services to ensure that visitors' first impressions align with the quality and reputation of their business.

HEALTHCARE & MEDICAL FACILITIES

By collaborating with our team, healthcare facility managers can effectively manage and improve mixed-use and single-purpose healthcare properties.

The Benefits You Can Expect

FIRST IMPRESSIONS

Every business wants to make a great first impression, and a well-maintained landscape is where it starts.

VALUE

Proper maintenance of a commercial property doesn't just preserve its value; it can substantially boost it over time.

HEALTHY & VIBRANT LAWNS

When properties remain healthy and vibrant, the concern of costly lawn removal and replacement fades away.

GOING GREEN

As businesses strive to be more environmentally friendly, outdoor landscaping helps support these efforts to go green.

A Word from Our Vice President, Jim Louth

Landscape maintenance providers should care as much about your property as you do. That's exactly the type of service you'll receive when working with Green Impressions.

For more than 20 years, Green Impressions has delivered first class landscaping solutions throughout Cleveland and Northeast Ohio. Our expertise and passion for property landscape maintenance combined with our commitment to drug-testing qualified employees have helped us establish long-term relationships with clients—a list that includes commercial properties, healthcare facilities, retail centers and condominiums.

With a vast collection of different size commercial accounts, we recognize that every property comes with its own set of needs and budget. That's why we focus on providing customized care plans that align with these objectives while adding value and visual appeal.

We appreciate your consideration of Green Impressions for your commercial landscape needs and look forward to the opportunity to work with your team.
